

REMARKS

The above amendments are made to insert a cross reference to the PCT application upon which the instant U.S. national phase is based, to add an Abstract of the Disclosure and to eliminate multiple dependencies in the claims.

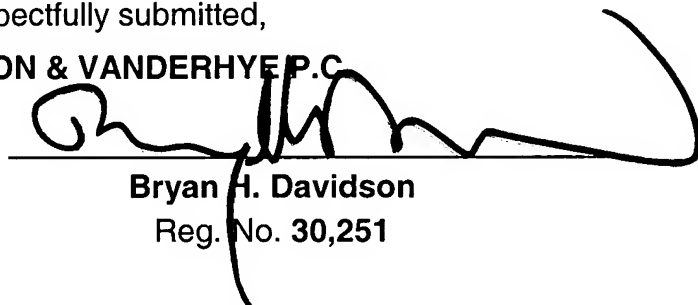

It is to be noted that replacement pages 15 and 16 were submitted in response to an invitation under Article 14. Copies of these pages are enclosed together with applicant's explanatory communication to the International Bureau and a sheet of the International Preliminary Examination Report identifying the basis of the report.

Thus, please substitute these replacement pages for those which are included in the published application.

Respectfully submitted,

NIXON & VANDERHYE P.C.
